

# NAZI FORCES IN CRETE MAKING GAINS; BRITISH FLEET IS REPORTED HARD HIT

## GREAT AXIS SUCCESS IS REPORTED AGAINST BRITISH NAVAL UNIT

### TWENTY-FIVE WAR VESSELS SUNK AND OTHERS DAMAGED IN EAST MEDITERRANEAN

BERLIN, May 26.—(AP)—The British Mediterranean fleet has suffered a "devastating" blow in matching its strength with the luftwaffe in the Battle of Crete and "important reverses no longer are reckoned with" by Germany, the highly placed commentator Dienst Aus Deutschland declared tonight.

German military spokesmen, commenting on the high command's report of heavy destruction wrought among the British warships, declared the German and Italian navies had wiped out the cruiser section of the Royal Navy's Eastern Mediterranean fleet.

Of 12 cruisers the Germans said were known to have been based at Alexandria, the high command said 11 had been sunk.

BERLIN, May 26.—(AP)—German air and Italian naval and air forces combined to sink eleven "enemy" cruisers, eight destroyers, one submarine and five torpedo boats and damaged one battleship and several more cruisers and destroyers in the eastern Mediterranean since last Tuesday, the German high command announced today.

In addition to this summary of the fighting since the battle of Crete began, the war bulletin said that yesterday the luftwaffe blasted British positions on the island itself, setting munitions dumps afire, and destroying two merchantmen in nearby waters.

Six British planes were declared destroyed in yesterday's air fights, including three bombers and three fighters, with an additional three R. planes destroyed on the ground.

In the forays against the British Mediterranean fleet since the battle started, the Germans said the luftwaffe accounted for the sinking of the British cruisers, including some anti-aircraft cruisers, and the Italians destroyed four.

The battle of Crete continued to rage fiercely yesterday, according to first reports of Sunday's operations reaching Berlin.

German bombers, destroyed planes, dive-bombers and pursuit ships were said to have dumped their loads of British troops, concentrations, camps, battle positions and supply stores.

WASHINGTON, May 26.—(AP)—The war department announced this morning that the U. S. Navy's repair ship, the USS Galveston, repairing the USS, 767, delivery and completion dates were not disclosed.

## GRADUATING CLASS STATE HOME HEARD INTERESTING SERMON

### REV. C. A. MACINNES SAYS PRINCIPLES OF CHRIST NEEDED TO SAVE WORLD

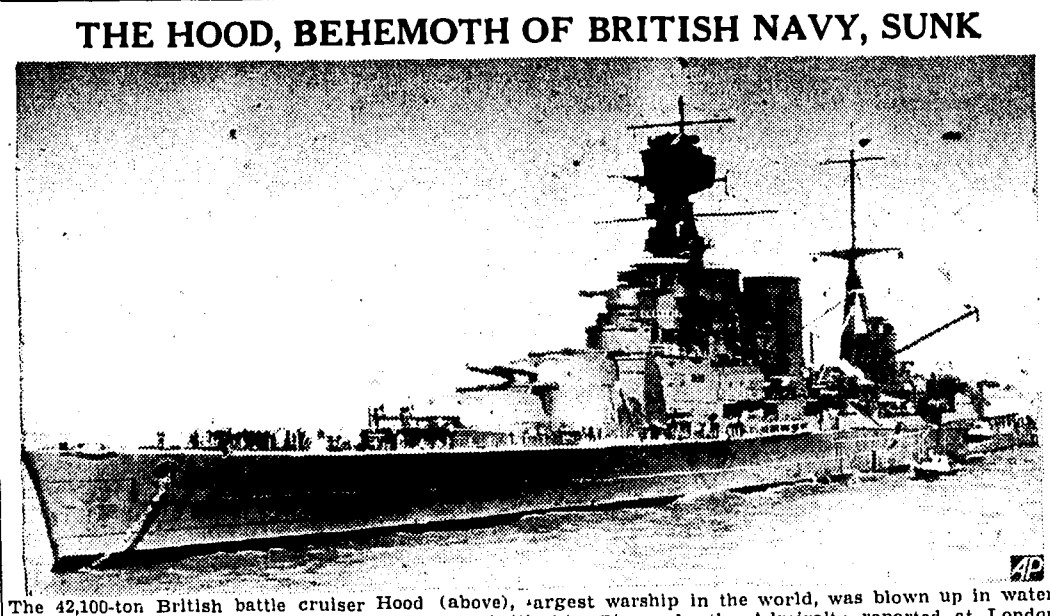

"The world needs today young people who are filled with the fundamental principles of Jesus Christ to save it from a crash," Rev. Gordon A. MacInnes, pastor of the Third Avenue Presbyterian church, told the graduating class of the State Home for the Blind today morning. The Rev. Mr. MacInnes declared that he was not a pessimist, but added that there is a change the world is heading for destruction.

Basing his sermon on a portion of John 14:31, Arise, let us go hence, the minister said that 11 of the 12 men to whom that scripture was addressed helped to change the course of the entire world, and he declared that the world can be saved today if the principles of Jesus Christ are accepted and lived.

Rev. Mr. MacInnes told the class that Jesus, the greatest teacher of all times, delivered a baccalaureate sermon to a class of 12 men and that it was summed up in the admonition to arise and go hence. "These men," he said, "were just completing a three year course with the Master, just as you are completing your high school course and they had come to the dividing of the way. The time has arrived for you to go out into the world. For the disciples it was a time for action. For you it is a time for action. It is an inspiration to have a great life before you, but you must be prepared for action and if you are filled with the love of Jesus Christ you can face the world with confidence."

Time For Unloading Rubbish. The minister said that graduation was a time for unloading the rubbish that had been accumulated in the past, the rubbish that will hinder in the years to come. In

## AUTHOR IS WITNESS BEFORE UNAMERICAN HOUSE COMMITTEE

### RICHARD KREBS SAYS REAL AIM OF GERMANY IS DOMINATION OF ENTIRE WORLD

WASHINGTON, May 26.—(AP)—Richard Krebs, who wrote the book "Out of the Night" under the pen name of Jan Valtin, told the House committee on un-American activities today that the German gestapo had a complete "card file" designed to provide Germany with a "constant barometer" of the strength of other nations.

Before the war, he said, New York was the clearing house of the Gestapo in the United States, but, he added, "there is every indication that the clearing house has been moved to San Francisco."

Krebs attributed the shift to the fact that "undisturbed channels from there to Germany" and to the fact that Fritz Weidmann, German consul there, is a "trusted lieutenant" of Adolf Hitler.

Germany has thought, the witness said, that if the United

## JOE HILL OFFERS O'DANIEL CHALLENGE TO DEBATE ISSUES

### TEXAS SENATOR SAYS HE HAS FEW QUESTIONS TO ASK GOVERNOR

AUSTIN, May 26.—(AP)—Senator Joe Hill of Henderson said in a personal privilege speech today he would give \$10,000 to the British Red Cross if Governor W. Lee O'Daniel would meet him in a public debate.

"I want to ask him a few questions," Hill said. "I want to ask him why he is not in favor of aid to Britain. I want to ask him why he has nominated so many republicans to office in Texas."

Hill quoted a resolution passed by the house and endorsing O'Daniel's candidacy for the United States senate as saying the governor was a great debater.

"When you asked him a question, he used to just say, 'Sing Leon,'" Hill declared.

"Numerous" members of the house told him, Hill asserted, that

## SENSATIONAL DEVELOPMENTS WEEK-END DUE LEAD TO PROBLEM OF WHAT AID FRENCH GIVE AXIS

By DEWITT M'KENZIE

All the sensational developments of the week-end seemed to be hooked with one of the most critical problems which confront the British and their allies at the moment—whether the French government at Vichy intends to carry its collaboration with the nazis to the extent of giving up its colonies for bases.

The sea fight off Greenland, which cost John Bull the battle cruiser Hood, a grand ship of such graceful lines that he took greater pride in it than any other was a grim part of the battle of the Atlantic. It is a potent reminder that if the Germans get the French ports on the West Coast of Africa, especially Dakar, they will be in far stronger position for their assault on America's all-out aid and other trans-Atlantic shipping.

With this must be coupled the Grand Admiral Raeder's warning that the use of American convoys for contraband to Britain would be an "open war act" to which Germany would reply with gunfire if necessary.

## Militant Woman Dry Leader Made Liquor Board Head

AUSTIN, May 26.—(AP)—Governor W. Lee O'Daniel today appointed Mrs. Claude D. VanWatts of Austin as chairman of the state liquor control board and Edwin C. Lacy of Longview as a member of the board.

The bill was a member of the state public safety commission. He was named to that post prior to the general session of the Legislature, but the Senate refused confirmation.

In selecting him for the game commission the governor followed a precedent he established in naming Reuben Williams as state highway commissioner after the Senate rejected Williams' nomination as state life insurance commissioner.

The appointment of Mrs. VanWatts, militant WCTU leader, was in line with the governor's apparent intention to place an ardent dry on the liquor control board.

## BRITISH SWORDFISH PLANES, DESTROYERS SEEK GERMAN FLEET

### BRITISH NAVY BENT ON REVENGE FOR DESTRUCTION OF GIANT HOOD

LONDON, May 26.—(AP)—British swordfish planes and destroyers are reported searching the fogbanks of the North Atlantic today in a vengeance-driven effort to put a British fighting squadron back in battle and destroy the German's big new Bismarck and her supporting ships.

The navy's torpedo-carrying planes were said to have scoured the sea for the Bismarck, which the British said broke off the engagement after the 35,000-ton Bismarck sank the 42,100-ton battle cruiser Hood, pride of the British navy, earlier today.

The British reported that the Bismarck was damaged during the fight and expressed hope that this and the torpedo attack by the British would be enough so that they might be overtaken or headed off. There were hints that powerful new units of the British navy might be speedily to the scene.

The admiralty, silent on the direction the German squadron took from the sea fight in the Strait of Gibraltar and Greenland, at the edge of the Western Hemisphere, declined comment on German claims that the Bismarck also

## GOVERNOR VETOES BILL AUTHORIZING COLLEGE BOND ISSUES

### O'DANIEL TERMS LEGISLATION 'DANGEROUS', CREATING OPPORTUNITY FOR DEBT

AUSTIN, May 26.—(AP)—Terming it "dangerous," Governor W. Lee O'Daniel today vetoed a bill authorizing state colleges to issue bonds secured by student fees to construct buildings.

The bill was by Rep. Joe Skiles of Denton.

"In my opinion this bill establishes too broad an opportunity for creating debt," Governor O'Daniel said.

"Our Constitution specifically prohibits the state of Texas from going into debt more than \$200,000 at any one time, yet this bill sets up a system of financing whereby six great state institutions and their branches can do some trick and fancy financing which might run into millions of dollars."

"I am convinced that the taxpayers of this state of Texas do not want these broad powers for borrowing money extended to a large group of state institutions."

The governor said he was aware that the bill provided that only certain college income might be pledged as collateral for the bonds, and also that it declared neither the institution nor the state should be liable for payment of principles or interest.

Nevertheless, he asserted, every honest citizen knew there was a moral obligation on the state when money was borrowed by any division of the state government.

"In my opinion, this kind of financing is extremely dangerous when extended to one specific state institution for specified buildings and improvements," he said. "I believe such financing would be tolerated by the people in individual cases where the specific plans of one individual institution is laid before the legislature and acted upon individually."

## NEW CIO STRIKE IN DEFENSE INDUSTRY IS STARTED ON MONDAY

### FOURTEEN THOUSAND MEN RETURN TO WORK ON RAVENNA, OHIO, ARSENAL

(By The Associated Press.)

A strike by CIO workers at the Carborundum plant at Niagara Falls, which union leaders predicted would be 100 per cent effective, started this morning and threatened the manufacture of grinding wheels and abrasives which company officials said were used in practically every defense industry.

Company spokesmen said they expected no appreciable curtailment of production and said "a great many" of the 3,200 employees were on their jobs.

On the other hand, the strike plotter in the defense work was resumed on the Ravensna, Ohio, arsenal as officials said 10,400 men returned to work after a three-day shutdown which AFL officials said was "unauthorized."

The men at the Carborundum plant seek collective bargaining representation.

AFL officials checked workers into the Ravensna plant, saying these house leaders were denying three-day shutdown were denying admittance and that "un-American" leaders who precipitated the strike would be tried by their unions.

Negotiations were open late in the day at Ravensna on demands for a 25-cent increase in the present 85-cent basic wage for 5,000 common laborers at the arsenal.

## INVADERS OF CRETE GET REINFORCEMENTS AND MAKE SOME GAINS

### FIERCE FIGHTING RAGING AS ANZACS STUBBORNLY COUNTER-ATTACK

CAIRO, Egypt, May 26.—(AP)—German forces in Crete, reinforced by air-borne tanks, have penetrated British positions around Nazi-held Malemi airport west of Canea and fierce fighting is raging with New Zealanders stubbornly counter-attacking the British announced today.

A Middle East communique said the Germans, battling desperately to broaden this major foothold on the mountain island, lashed out at the British lines under cover of an intense air bombardment.

The communique did not mention tanks in connection with this action but the British source said the Germans had managed to land some by plane.

The assault started after additional air-borne reinforcements had been landed, the war bulletin said, adding that the imperial troops inflicted heavy casualties on the Germans.

At British-held Candia and Retimo, where heavy fighting has developed in the seven-day campaign, the situation remained unchanged.

British sources said that although the Germans have landed tanks on Crete, they have not been in contact with the defenders of the Greek island.

The German high command announced that axis air and naval forces combined to sink 11 enemy destroyers, one submarine and five speed boats since the invasion began last Tuesday. A battleship and several more cruisers and destroyers were claimed as damaged.

Germans, who claim their forces have a firm hold on the Western part of the island, asserted that "the fight of the air force and army units operating against the flow of reinforcements continued to be successful."

They contended furthermore that the British fleet had been driven from waters north of Crete.

## J. J. PATRICK OF PURDON VICTIM OF AUTO-WAGON CRASH

### PURDON FARMER DIES IN LOCAL HOSPITAL AS RESULT SUNDAY NIGHT INJURIES

J. J. Patrick, aged 54 years, Purdon farmer, died in the P. and S. Hospital Monday morning at 7:15 o'clock from injuries sustained Sunday night about 9 o'clock when the wagon in which he and his wife were riding was reported to have been struck by an automobile.

Patrick's death is the ninth automobile fatality in Navarro county in 1941. In 1940 eight met death in auto accidents in Navarro county.

Charles T. Banister, criminal district attorney, Monday said the car figuring in the accident was driven by Willie Bates of Purdon, and another boy and girl were in the car. Banister said Bates made a statement Monday relating to the accident and that charges would be filed. Bates, according to Banister, took the

## INTIMATED BERLIN ATTEMPTING BECLOUD PRESIDENT'S SPEECH

### TUESDAY NIGHT FIRESIDE CHAT TAKING ON ADDITIONAL SIGNIFICANCE

WASHINGTON, May 26.—(AP)—Secretary of State H. V. Hoagland today accused Berlin of seeking by threats to induce the United States to refrain from any real efforts at self defense.

Hull made this comment on the statement yesterday of Grand Admiral Erich Raeder, commander of the German navy, that the American patrol system was "aggressive" and that American naval convoys for British ships would "mean shooting."

Stephen Early, presidential secretary, earlier had commented to reporters that he had an idea that Berlin "is trying to do anything it can to becloud" President Roosevelt's fireside chat tomorrow.

## PRESIDENT SIGNED BILL CALLING FOR PARITY CROP LOANS

### SIGNS BILL WITH UNDERSTANDING PRICES WILL NOT GO ABOVE PARITY LEVEL

WASHINGTON, May 27.—(AP)—President Roosevelt signed today legislation providing for loans on major farm crops of 85 per cent of parity but declared that he had done with the understanding that farm prices should not be permitted to go above the so-called parity level.

The legislation provides for mandatory loans on cotton, corn, wheat, rice and tobacco.

Mr. Roosevelt said in a statement that the legislation reflected the government's objective for eight years and the fact that farmers "did not have and have not as great a share of the national income as other groups."

But he noted that when the bill becomes law farmers co-operating with the government farm program will be able to receive 55 per cent parity loans, plus cash parity payments, plus soil conservation payments in cash.

"Under no circumstances," the chief executive declared, "should the sum of these three exceed parity, x x x I am approving this joint resolution on the distinct understanding that parity payments will not be made to the amount necessary to bring the basic commodities to parity but not beyond parity."

Price Pegging Loans.

Parity prices designed to give farmers the same purchasing power in terms of non-farm products as they had from 1909 to 1914.

The legislation requires price-pegging loans on cotton, wheat, corn, rice and tobacco and imposes heavy penalties for marketing "abnormal production."

When it was under discussion in congress the legislation's supporters estimated that the program would assure farmers co-operating with this year's crop control measures a return of \$1.15.

## Governor Sends Ultimatum Upon Budgeting System

### ULTIMATUM UPON PURDON VICTIM OF AUTO-WAGON CRASH

AUSTIN, May 26.—(AP)—Governor W. Lee O'Daniel today threatened to veto a bill providing a new system for preparing the state budget he would veto another bill recently approved revamping the auditing setup.

In a special message, he described the present plan of auditing and budgeting the "poorest," possible, "slipshod," "ridiculous" and "unbusinesslike."

The governor had advocated making the auditor appointive by and responsible to the Legislature, and auditor now is appointed by the governor.

He also had urged creating a budget preparing department under a budget director appointed by the governor. At present the budget is prepared by the three-member board of control, who are appointed by the executive for six-year overlapping terms. The Legislature passed legislation to effectuate the former, but not the latter recommendation.

The governor set the deadline for action because tomorrow would be the last day for decision by him on the auditing bill. If he did not veto it, it would become law, either with or without his signature.

He asserted he did not want his

## THE DOCTOR WHO DID NOTHING BUT WRITE LIQUOR ORDERS FOR THIRSTY TEXANS DUE TO DISAPPEAR

AUSTIN, May 26.—(AP)—The doctor who did nothing but write liquor prescriptions for thirsty Texans is about to disappear entirely, like the buggy whip salesman.

That opinion was expressed today by C. A. Paxton, chief enforcement officer of the liquor control board, who said that a law, recently enacted by the legislature and now in effect, would put the professional prescription-writers out of business.

The reason is simple enough—the law took away the volume of prescriptions by providing that not more than 100 could be written by any doctor in any 90-day period.

Other provisions were that doctors must have liquor board permits to write prescriptions; they must make a physical examination of the patient and put the diagnosis in writing on a form supplied by the board and they must write directions for use on the bottle.

The prescription business was quite lousy before the law was passed. In 1940, according to li-

## CAMP HULEN HAS AN ALL-OUT CAMPAIGN IN SUMMER MANEUVERS

### COAST ARTILLERY ANTI-AIRCRAFT UNIT TO PARTICIPATE IN LOUISIANA AREA

By WILLIAM T. RIVES

CAMP HULEN, PALACIOS, May 26.—(AP)—Camp Hulen, one of the army's big coast artillery anti-aircraft training centers, has an all-out program of its own.

Every soldier on the reservation is being keyed to one objective—outstanding performance during the coming mass maneuvers this summer.

Along with other units, Camp Hulen's men—the 33rd brigade—will participate in Louisiana in the greatest peace-time maneuvers ever staged by the army.

The soldiers never are allowed to overlook this fact.

From the commanding officer himself, Brig.-Gen. H. C. Allen, came the word:

"Each unit in this command has the capacity to be one of the outstanding units in the Third Army and I urge all of you to strive for the highest and to strive to win for your unit that enviable place in the army of the United States."

## Persistent Training

In daytime hours, in the dead of night, on smooth terrain or muddy fields, the conditions of the 33rd brigade has carried forth its training program, going as far as Midland in West Texas to practice the exercises it may be called upon to perform this summer.

Camp Hulen hit its full stride in January and its full strength—11,500 officers and men—in mid-April.

Only one regular army unit—the 69th Coast Artillery anti-aircraft regiment—is in camp. The remainder of the troops are national guardsmen, the 197th regiment from New Hampshire; the 203rd from Missouri; the 204th from Louisiana; the 211th from Massachusetts; the 105th Coast Artillery Battalion from Louisiana; the 100th Battalion from Kentucky, and the attached units. Approximately 3,500 of the soldiers.

## SEA-BORNE TROOPS AND AIR-BORNE TANKS REINFORCE GERMANS

### BRITISH LINES PENETRATED IN CRETE WEST OF Canea IN MONDAY FIGHTING

(By The Associated Press.)

Adolf Hitler's aerial invaders of Crete, reinforced by air-borne tanks and sea-borne troops, penetrated British defense lines today in an attack west of Canea, the Crete capital, and axis reports asserted that the British had been driven off after suffering enormous losses.

British Middle East headquarters, acknowledging naval invasions under cover of a violent assault by the German luftwaffe, said that New Zealand troops were counter-attacking and that "severe fighting is continuing" in the Canea sector.

The Germans now apparently had three strong footholds on the 160-mile long island—in the regions of Canea, Candia and Retimo—and the Nazi high command reported "a steady flow of reinforcements" was arriving from Greek mainland bases, 100 miles away.

British general headquarters' description of the German attack "west of Canea" presumably referred to the vicinity of Nazi-held Malemi airbase.

British Tommies, along with fight-hardened Australians and New Zealanders, were said to have inflicted "heavy casualties" on the Germans in the 7-day old struggle.

Reports reaching Cairo said that over the week end the Nazi luftwaffe had bombed Crete's principal cities on a terrific scale, comparable to the bombing of Rotterdam, Holland, when Hitler's invasion armies stormed into the Lowland countries last spring.

## Took Shelter in Caves

There reports said Crete natives escaped severe loss of life by taking shelter in the island's caves, which include the famous Labyrinth and the Dictaeon cave, legendary birthplace of Zeus.

London sources disclosed that British marines are now engaged in the battle, but they declined to state whether the situation had improved or whether reinforcements were being landed to fight the Nazi invaders.

RAF headquarters said at least twenty-four axis planes were destroyed and others badly damaged in raids by British fighters and bombers over Crete.

Re-entering the fight, the RAF planes were reported taking off from North African airfields.

## BACCALAUREATE IS DELIVERED SUNDAY BY REV. C. R. HADEN

### ANNUAL AFFAIR AT H. S. AUDITORIUM ATTENDED BY OVERFLOW AUDIENCE

Speaking on the subject, "Adventure Living," the Rev. C. R. Haden, Jr., rector of St. John's Episcopal church, admonished the 1941 graduating class of the Central Texas high school at the annual baccalaureate services conducted in the high school auditorium Sunday night that they should establish permanent standards of ideals by which to live and reject the tendency to conform to temporary, popular conception of life.

Addressing the 142 members of the graduating class and an overflowing audience, the Rev. Mr. Haden, pointedly told the graduates that henceforth theirs would not be an easy task in a world torn by strife and stressed by a dedication to those spiritual values that make for peace rather than war. He asserted that unless righteousness and justice prevail in this nation and throughout the world, there is no hope for the future.

Invocation and benediction were pronounced by the Rev. E. T. Miller, pastor of the First Baptist church. Rev. C. Duke Payne, pastor of the First Christian church, conducted the Scripture reading, selecting the 55th chapter of the Book of Isaiah.

## Musical Program

Choir of the First Methodist church, under the direction of Edward French Hearn, provided the musical service, opening with the hymn, "From Ocean Unto Ocean," and closing with "Now the Day is Over." During the services, the choir rendered "When the Winds Are Raging," and "Choose Ye This Day." Mrs. Robert Stettin, Jr., was accompanist.

Members of the class observed traditional baccalaureate ceremonies, entering from either side of

**SLAVE LABOR**

Incredible as it would have seemed before the present war, it looks as if Hitler and his Nazis are deliberately planning to establish a vast slave system in which the rest of the world will work for Germany. Robert Ley, Nazi Labor Front leader, comes right out with it, flaunting his prophecy in the face of Americans.

"This the Yankee can certainly believe," he says. "We will certainly so organize the part of Europe that we rule that in one or two or at least three years, it will be working at full speed—working for Germany."

"Then 300,000,000 Europeans of our continent, with the powerful and inexhaustible resources of their economy and work, will face 130,000,000 Americans in the United States and 40,000,000 Englishmen in ruined and defeated England. Then we will see whether the Anglo-Saxons will overcome the lead of the Germans."

Hitler has already made a good start in establishing his slave system, particularly in Poland. He loots the labor of the countries he overruns as he does their material wealth and industry.

**HITLER'S THOUGHTS.**

All guesses about what Hitler will do next are naturally subject to revision without notice. But the almighty Fuehrer does seem to be quite a bit worried lately and uncertain about his next moves.

He appears to have Britain by the tail, but how that bull is thrashing around and jerking him hither and yon! And just over the edge of the pasture he can see a big eagle bird screaming and circling around and looking as if it meant to help the bull.

That's enough to worry any amateur Napoleon. Or any amateur painter. There may be moments when Hitler wishes he had kept at the landscape business—creating lop-sided imaginary landscapes instead of musing up real ones.

There may even be moments, at night, when ghosts of the countless people he has killed rise up and hover around his bed. Perhaps even ghosts of the nations he has killed. Among them might be the indignant ghost of the old Germany, which the world loved. Would Hitler recognize that spirit?

**CITY AND COUNTRY.**

Louis Bromfield, a distinguished American author who returned from long residence abroad a couple of years ago and settled down on a farm, seems to have set a good example. Or maybe he was merely in the stream of a general back-to-the-farm movement already begun. Anyway, he is enthusiastically boosting a return to farm life as one of the best ways for Americans to cure what ails them and find contentment. On his own farm he divides his time between literature and crops.

The greatest security we can attain, he insists, comes from the ownership of land. Fortunately a decentralization process has set in, with people leaving over-populated cities and returning to the country. Increasingly he sees workingmen taking a piece of land 12 or 15 miles from their jobs and, in their combination urban and rural life and oppor-

**THE FAIRIES RETURN**

Just an old fossil, a fool if you will,  
A fellow that's lost to the knack  
Of all up-to-date methods in business,  
But still  
I tell you the fairies are back!  
The fairies Miss Janet knew when  
she was small  
Are back in the flower beds down  
by the wall.

When Janet began to get grown-up  
and wise,  
And perhaps just a little bit vain;  
The fairies rode off on their blue-  
bottle flies

Saying, "Never you'll see us  
again!"  
And year after year all the summer  
time trough  
Never once has a leprechaun come  
into view.

But yesterday, walking the grand-  
son about  
And stealthily snooping around.  
From the depth of a tulip a fairy  
popped out  
With a spring and a leap and  
a bound.

And he said, "Though Miss Janet  
once gave us the sack,  
For the sake of your grand-children  
we're coming back."

tunity, finding "a sense of security and a far better life for themselves and their families than they could have in crowded cities." The farmer is going to be the most important personage in the world scene, he thinks, both economically and socially.

All this is fine and sensible, provided the movement isn't overdone. It would be tragic if there were a general desertion of cities in favor of the country. But it doesn't seem likely to happen. What we may expect is a more reasonable balance between farm and country from now on.

**COURAGE**

"Mrs. F. D. R. Holds Courage is U. S. Need," says the headline, and it's probably the truth, no matter who says or unsays it.

We need courage, first of all, to face facts—the facts of life as they are in these baffling and unprecedented times—the courage to endure them or to do something about them when we do get a clear view of things.

This is true of foreign affairs and true of domestic affairs, if we can still make such distinctions. Nowadays the two get so mixed up that we can hardly tell which—and this also is one of the facts that have to be faced if we're going to be practical about things.

There is far too much wishful thinking in these days. And that kind of thinking is often worse than no thinking at all.

**GERMANS TIRED OF IT?**

The Rudolf Hess flight, greatest story of the present war, grows more important as you pass from the adventure itself to its implications. After due allowances are made for any possible mental twist on Hess' part, his break with Hitler shows party weakness and national cleavage beyond what most Americans would have expected at this stage. Paul Hagen, a former German labor leader, now connected with the American Friends of German Freedom in New York, writes in an article for the North American Newspaper Alliance:

"It should be kept in mind that the devoted pupil of the Leader would know better than anybody else in Germany how strong is the craving for peace among the Germans. Hess, as the party's sieve for information, a kind of Nazi Gallup poll director for the party's secret information, must have known that victories and still more victories do not make any impression on the average man in Germany."

"The people are sick of victory and fed up with the war. This apathetic feeling of the millions has never been stirred up for longer than a short while after a gigantic success."

If this is really the mood of the German people, a return to sanity in Europe, and peace in the world may be closer than we think. That is, if the powers working and fighting now for a humane world do not weaken.

"Let it roar, let it rage!" says Churchill, and Hitler will doubtless oblige him.

## PLAN EDUCATIONAL CAMPAIGN TO SELL BONDS FOR DEFENSE

MEETING HELD FRIDAY NIGHT TO EXPLAIN VALUE OF SUCH INVESTMENTS

An educational campaign directed toward the formation of a habit of systematic saving by investments in United States Defense Bonds and stamps was outlined for the residents of Corsicana and Navarro county at a meeting held at the Navarro Hotel Friday night. Reports showed approximately \$100,000 worth of the securities had been sold in the county to date.

Fred H. Harvey, Jr., recently named county chairman by Frank Scofield of Austin, state director, presided at the meeting, and led the discussion of the proposed efforts. He said community directors were urged to avoid high pressure drives and to stress the actual and potential value of the credentials and the benefits to be derived from systematic investments.

**Program Outlined.**  
The official program as outlined asserted the movement was educational and not a sales drive, and it was suggested that no solicitations be made, no competitive comparisons issued, and no "hate" campaigns. A strong comparison was made between the feverish efforts of 1917-18 with the modern version.

It was reported sales at Richland and Blooming Grove had exceeded \$1000 a each. Powell had issued more than \$50,000 of the Corsicana postoffice some \$40,000, and the two local banks some \$100,000.

A. A. Allison, Corsicana postmaster, said the main task was to get the public interested in the investments as a matter of good business rather than as a matter of patriotism. It was brought out in the discussion that any bank accepting demand deposits could not purchase the new securities.

Allin F. Mitchell of Corsicana, who was credited with already having purchased his full quota, declared "we have a great country and a great people, and we are willing to back the program to the limit in every way possible, and feel that it is my duty to do so."

**Schools to Co-operate.**  
W. H. Norwood, superintendent of Corsicana schools, said the school system would be glad to co-operate in every possible way during the short time remaining and would be glad to renew the efforts in the fall. Mayor John C. Calhoun and District Judge Wayne R. Howell also approved the program with Judge Howell declaring it was the duty of every loyal citizen to make any necessary sacrifice.

It was agreed the campaign would be carried on through every possible medium including newspapers, radio, movies, talks at public gatherings, etc. John Thorwald, KAND manager, told of the part played by his station. Among those attending the meeting were: W. T. Woodruff, of Barry, Miller Reid of Blooming Grove, Carlos D. Berry of Dawson, M. E. Taylor of Embouse, Postmaster J. C. Clayton of Kerens, Mrs. L. W. Melton of Powell, R. E. Tatum and G. C. Goodin of Navarro, and Chairman Harvey, Mr. Allison, Ralph Brown, Mayor Calhoun, A. B. Douglas, Clyde Halbert Calhoun and District Judge Howell, Tom McElwee, Mr. Norwood, Mr. Suttle Roberts, J. H. Roberts, Will Thompson, Mr. Thorwald, County School Superintendent J. C. Watson, and J. A. Young, all of Corsicana.

## NEW CAMP FIRE LODGE COMPLETED

Formal opening and dedicatory ceremonies for Camp Fire Lodge, (above) will be held Sunday, June 1.

Complete in every detail, with the best of accommodations and facilities, the new lodge will be used by the Camp Fire girls summer camps beginning June 4. The veranda is 10x54 feet with 12-inch pine log columns, log cabin siding with natural wood oil stain finish. The corners of the building are mitered.

The main recreation room is 24x40 feet, with oak floors, white knoll pine walls, vaulted ceiling and natural stone fireplace. There are 11 windows and seven doors in this room.

Counselor's lounge—15x21 feet, is similar to the recreation room with nine windows and three doors along with a fireplace.

The kitchen is 15x21-1/2 feet,

equipped with two built-in cabinets and a large pantry. Five windows and two doors insure plenty of light and ventilation.

The office of the lodge is 8x11 feet, with a Dutch door and storeroom.

Double doors from the kitchen and recreation room lead to the screened dining room, 10 1/2 x 30 feet. The dining room is finished in log cabin pine siding with vaulted ceiling.

Weather text wood roof is used, blending into the color of the remainder of the outer walls, and presenting an attractive view.

The lodge is located on the highest point on the Camp Fire holding, plainly in view of the ten cabins, keepers house and other points of the camp. Lights and running water are also provided.

A 24x24 handcraft building is

also located near the main building.

Another feature of the camp is the rustic park provided on the site of the old lodge building, with ample seats, tables, barbecue pit and cookout fireplace.

A swimming pool is located on the grounds and a shower cabin is available.

Ten tables, 70x40 inches, 20 inches high, have been secured and eighty steel chairs will be used.

The main lodge recently was completed by A. E. Foster and Son, contractors, with materials from Whiteside Brick and Lumber Company.

The first camp will open June 4 and a week later another group of Camp Fire Girls will go to camp. Two weeks during each summer girls from the State Home are allowed the privilege of the Camp.

## FUNERAL SERVICES HELD FRIDAY FOR MARK J. McMULLAN

Funeral services for Mark J. McMullan, about 33, native of Navarro County, who died in the Cotton Belt Hospital at Texarkana Thursday morning, were held from the Sutherland-McCammon Funeral Home chapel Friday afternoon at 5:30 o'clock. Burial was in Oakwood cemetery. The rites were conducted by Rev. A. N. Wolf of Waco and Rev. W. R. Hall, pastor of the First Presbyterian Church here.

Prior to being transferred to Waco about eight years ago, McMullan resided in Corsicana many years and was connected with the Cotton Belt Lines.

Surviving are his wife of Waco; two daughters, Mrs. Albert Gallo, Corsicana, and Miss Sarah McMullan, Waco; a brother, J. C. McMullan, Chaffield, and four sisters, Mrs. A. L. Huffman, Mrs. J. W. Wright and Mrs. G. J. Elkins, all of Corsicana; and W. P. Thorp, Chaffield.

Funeral services were held by Walker, Emmett Barron, Joe J. Loving and James Cardwell, all of Waco; C. W. Jennings, Dallas; P. H. Loggins, N. C. Pinkston, Will Finch and John Finch, all of Corsicana. Friends of the family were honorary pallbearers.

Odd Fellows had charge of the rites at the grave.

**Tea and Shower For Fairfield Girl**  
Is Social Feature

FAIRFIELD, May 24.—(Spt.)—A tea and miscellaneous shower in honor of Miss Gertrude Peyton, bride-elect of Billie Williamson of Corpus Christi, was given Saturday afternoon in the home of Mrs. C. E. Childs.

The house party included Mrs. Childs, the hostess; Miss Peyton, the honoree; Misses F. B. Peyton, Mrs. E. P. Williamson, George Fryer, Misses Eloise and Doris Williams, son, Evelyn Fryer and Grace Love Peyton.

Miss Eloise Day was in charge of the bride's book.

Misses Sawyer and L. L. Bonner presided in the gift room. Misses Ruth Hunter, Charis Lee and Mrs. Leslie Radford presided in the dining room.

Tea table was laid in white lace and centered with a crystal bowl containing Queen Anne's lace, and pink roses. Slender white tapers in crystal candelabra lighted the table.

The flowers in the reception rooms were pink and white, the chosen color for the afternoon. A musical program was rendered by Mrs. Frank Denison, Mrs. Tom Lindsey, Mrs. Lann Woodridge, Mrs. Algy Stroud and Carolyn Childs.

Refreshments consisting of tea, sandwiches and cookies were served to 125 guests.

## News of County Home Demonstration Clubs

**Jones Ranch Club**  
For roasting beef, use tender cuts such as rib, loin, tenderloin or rump. Miss Clara Rettiger, county agent told members of the Jones Ranch home demonstration club at an all day meeting in the home of Mrs. Clyde Tullis May 21.

She explained that the tender cuts were taken from the part of the cow that is least exercised. The tougher cuts are the exercised portion with tough stringy muscles and has a rather strong flavor. She showed the women how to place the roast on rack with fat side up, and do not add water, cover the pan or baste.

She explained that forks should not be inserted in the meat because it would bring about the loss of valuable juices.

The agent also demonstrated pan boiling tender cuts of beef. The luncheon table was laid in white damask cloth, centered with a centerpiece of flowers and arrangement of sweet peas in a shallow container that rested on a mirror reflector.

Covers were laid for Mrs. Lula Tullis, Mrs. F. C. Ramage, Mrs. P. E. Robinson, Mrs. Guy Tullis, Mrs. Hubert Bailey, Mrs. Arnold Armstrong, Mrs. Henry Miles, Mrs. C. A. Tullis, Mrs. Earl Way, Minnie Stanley, Joyce Dell Miles, Miss Rettiger, Ona Bell Ramage and the hostess.

The menu consisted of roast beef, baked steak cooked by the agent, snap beans, buttered potatoes, salad pickles, brown gravy, pie and iced tea.

Following the luncheon Miss Rettiger gave demonstrations on protective pieces for the bed and tufted bedspreads. She pointed out that protectors will keep the bed clean, comfortable and attractive, and add years and years to the life of the mattress and other bedding. She said the protective pieces may be made economically with cotton bags.

Mrs. Hubert Bailey presided over the meeting and Mrs. Guy Tullis had charge of recreation. Ona Bell Ramage gave a report of the May council meeting.

The next meeting will be with Mrs. Martin Thompson, June 4.

## Corsicana Bankers Return From State Convention Sessions

A. G. Elliott, vice president of the First National bank, and Mrs. Elliott and Mrs. Suttle Roberts, president of the State National bank, returned Thursday from Houston where they attended the annual state convention of the Texas Bankers association.

They report a most successful convention and state that Houston did a fine job in entertaining the delegates and that a fine business program was carried out.

This beautiful suburban home was decorated with bouquets of spring flowers grown on the spacious grounds of the home. After the usual routine of business a short program was rendered. Mrs. Sam Beasley gave a very helpful talk on the spring pruning of trees and shrubs.

Patricia Nichols, the young granddaughter of the family, favored the club with several vocal numbers that were enjoyed by everyone. The hostess served a refreshing plate of punch and cookies.

Before leaving for their homes the guests made a pilgrimage of the house and grounds and voted it one of their most pleasant meetings.—Reporter.

## SUN WILL PRESENT OUTSTANDING HOME EVENT OF THE YEAR

HAPPY KITCHEN COOKING SCHOOL JUNE 2-4 AT HIGH SCHOOL CAFETERIA

The Sun will present the outstanding home event of the year when Miss Jessie Hogue rings up the curtain on the Happy Kitchen Cooking School June 2, 3, 4 at the high school cafeteria.

Every woman in the Corsicana area should avail themselves of this cordial welcome to attend the free lectures which will reveal numerous kitchen tricks new to every housewife. And the men, too, are invited to attend this kitchen revue.

Miss Hogue, long known to Southern women as an expert of culinary art, will present an entertaining series of lectures and demonstrations on the art of homemaking, along with the preparation of dishes out of the ordinary.

In this parade of the preparation of foods, women will be able to gain full mastery of the art needed in the kitchen today.

Miss Hogue will divulge secrets gained over years of study in this particular phase of the arts. The saving the housewife will be able to accomplish by attending the lecture with its new and scientific ideas, will pay big dividends on the time spent there.

How to use leftovers, how to purchase in a scientific manner, how to cook with a minimum of food; there are but a few of the features that will unfold from the completely equipped stage of the Happy Kitchen Cooking School.

In the entertaining presentation of these informative lectures, many tips will be passed on to women who wish to lighten their everyday tasks. Labor saving devices, efficient equipment, and new tricks in preparation will be given in their full array of helpful characteristics.

Plan now to attend every session of the Happy Kitchen Cooking School, which will be presented as a public service feature of the Sun.

## Interesting Session Wortham Garden Club Is Final For Season

WORTHAM, May 23.—(Spt.)—The regular meeting of the Sam Sowers Garden Club, held this week, marked one of the most outstanding sessions of the year. After brief business, presided over by the president, Mrs. K. W. Sowers, the program chairman, Mrs. Frank Red, introduced the speaker of the afternoon, Mrs. Marshall Pinkerton, who in her own charming and informative way, carried us through the beautiful flower gardens of India with its many beautiful spots relative to her subjects, included with its natural scenic country, and with views of snow capped mountains as background.

Mrs. Pinkerton also exhibited pictures made first hand of interesting scenes as she vividly gave portrayals of India's flowers and gardens, and where she had lived and worked in the mission fields among the rich and poor of India's millions for the past fourteen years.

The club greatly appreciated Mrs. Pinkerton's lecture.

The program was concluded with an ideal arrangement of Texas Wild Flowers Show, which included more than sixty varieties, correctly labeled and displayed by the committee, Mrs. Isabel Bradley, Mrs. Frank Red, Mrs. J. F. Wallis and Mrs. F. D. Wright. Visitors from Mexia and Richland were present.

The club voted to recess during June, July and August but will enjoy picnics, pilgrimages and keep in touch with projects now established and ready for September activities.

## J. D. CARROLL IS FIRST CORSICANAN TO OFFER HIS BLOOD

SPANISH - AMERICAN WAR VETERAN RESPONDS RECENT CALL ARMY AND NAVY

The first patriotic citizen in Navarro County to officially offer to donate his blood for transfusions in response to the recent call of the Army and Navy to establish a reserve of 200,000 half-pink units of blood plasma in the next 13 months is J. Doug Carroll, Mrs. R. B. Mitchell, executive secretary of the Navarro County Chapter, American Red Cross, announced Monday. Mr. Carroll volunteered Saturday.

"It isn't by any means, the first time Mr. Carroll has signified his willingness to spill his blood for his country," Mrs. Mitchell stated, "as he is a veteran of the Spanish American war and the chapter takes particular pride in placing his name at the head of the list of those in the community willing to literally bleed for national defense."

Official reports from the National Red Cross Headquarters in Washington, D. C. disclose that more than 15,000 Americans have given their blood for Britain—not for battlefields of the air, but for transfusions to save the lives of bombed civilians and wounded soldiers. The blood plasma has been termed medicine's latest weapon against violent death to British troops. The war department released the call for blood donors Friday, May 23, and announced that the Red Cross would enroll donors and direct the program in cooperation with the medical services division of the National Research Council.

Dr. Baker comes to the local church without ever having occupied the pulpit but he took an active part in organization day on Jan. 26 and the following Monday evening was the chief speaker at the fellowship dinner. After care-

ful consideration he was selected out of all the applicants by the pastoral committee.

Negro Suffers Gunshot Wounds. Isaac Page, Jr., 35, negro, received treatment at the S. Hospital Sunday afternoon from gunshot wounds in the hand. No arrests had been reported Monday by county and city officials.

Several hundred persons visited the native and wild flower show sponsored by the Texas highway department, division 18, on its opening day, Friday, and more visitors began passing through the exhibit early Saturday. The show remained open until 9 o'clock Saturday night.

More than 300 persons registered

## SENATOR PEPPER DECLARES PEOPLE TO DECIDE ISSUE

DALLAS, May 26.—(AP)—Senator Claude Pepper (Dem.) of Florida, says it is time for Americans to decide whom they are for in the world conflict and "the way we respond will determine not only whether democracy shall live, but also whether it deserves to live."

And "public opinion, not Congress or Roosevelt, will determine America's course," Senator Pepper said yesterday in a radio address opening a two week's swing through the Middle West.

The Senator was to address an Oklahoma City Chamber of Commerce luncheon today, fly to Austin to address the Texas Legislature Tuesday and appear at an American Legion meeting at Waco Tuesday afternoon, he will speak here again Tuesday night after President Roosevelt's nation-wide address. He planned to be at Wichita Falls and Amarillo Wednesday.

## STATE HOME

(Continued From Page One.)  
enumerating some of the rubbish to be eliminated the minister mentioned, hatred, envy, selfishness and many others. He defined rubbish as something absolutely useless and said that unless the rubbish was disposed of there would be no room in the lives of the graduates for the best things of life.

"There is a parallel between the lives of the disciples and your lives," the Rev. Mr. MacInnes said in addressing the graduates. "They did not go out into a life of ease, into a bed of roses, but rather out into the darkest night, into the Garden of Gethsemane. It is foolish for me to tell you that you are going out into a life of ease, or that the world is waiting with open arms to receive you. The disciples followed the sermon with a life of action and you must do likewise," he added.

**Need Christ's Principles.**

It was at this point that the minister declared that the world needed young people who were filled with the fundamental principles of Jesus Christ if it was to be saved from a crash.

Dressed in caps and gowns the seniors took their places in the section reserved for them as the orchestra played the processional. The doxology by the choir was followed by the invocation by Rev. M. W. Bergeson, chaplain of the home. Other musical features of the program were "Gloria" by the choir, "Lead On O King Eternal" by the choir and congregation, a hymn and an anthem "All Is Well" by the choir.

Announcements were made by J. S. Halley, superintendent.

Commencement exercises will be held Monday night (tonight) at 8 o'clock and the class address will be delivered by Rev. C. Duke Payne, pastor of the First Christian church.

**Class Roll.**

Following is the class roll: Genevieve Andrews, Mary Louise Cornwell, Juanita Crawford, Mattie Lee Crawford, Norma Louise Dean, Harley Corine Pagan, Hazel Hudson, Billye Jeanne Ivey, Katherine Jones, Margaret Josephine Knipp, Marie Lora Earnestine Morton, Ida Dell Purvis, Jewelle Reed, Eunice Smith, Jewel Dean Sutton, Elizabeth Thornton, Julia Ermine Tickle, Alpha Lee Tucker, Sallie Tnez Veto, Ruby Veto, Willie Mae Walsh, Mary Theda Wann, Frances Lillian Wilson, Edna Wood, Uta Mae Yarborough.

German use of the colonies. She can get this assurance in one of two ways—by guarantee from the French, or by taking military action to safeguard herself.

The French promise of collaboration with Germany has brought about a break between France and America, barring severance of diplomatic relations. The same is true of Britain, and Foreign Minister Anthony Eden has warned that the allies will strike the enemy on French soil if necessary. Meanwhile the French in Syria have been permitting the Germans to use their airplanes for warplanes in transit, and at the same

Tall slender girls can wear certain clothes that would be quite out of the question for their shorter—and heavier—sisters. The dress that is worn by Ellen Drew (Paramount star, soon to appear in "Night of January 16") in our picture today is one of those. It is a vivid stripe in stiff taffeta, com-

bine several different colors in the stripes, with the accent in a black top. A dress like this is striking when worn by the right person but even here it doesn't belong in the wardrobe of a girl who must limit the number of frocks she can buy each year. Such a brightly colored dress is conspicuous—and be-

It's hard to believe that France would deliver herself up to a German which, in the language of President Roosevelt, is bent on "the utter destruction of liberty." Indeed we know that many of the French people are praying for the allies to win the war.

the stage to the strains of the processional and taking position in a special section reserved immediately in front of the speaker's rostrum. Members of the board of education occupied seats of honor on the stage.

O. D. Douglas, principal of the high school, introduced the Rev. Mr. Haden, who had been chosen by the senior class to conduct the baccalaureate services.

Launching immediately into his sermon, he cautioned the graduates not to assume that graduation meant the end, but urged them to halt it as the beginning and let it serve as a step forward. He told the seniors that in the future they would be called upon more and more to make decisions for themselves and shoulder individual responsibilities.

**Need Men of Character.**

The Episcopal rector declared that the world today is woefully lacking in men of character, especially men in places of importance and positions of influence. He termed them as personality boys who have a smile without regard to what is right and what is wrong. Conformity rather than character seems to be the keynote of success in 1941, he said.

Rev. Mr. Haden continued by pointing out that people are slaves to everything that is popular. "If we are not loyal to some ideas and principles, or to some person then we are like an empty boat drifting with the current," he paraphrased. Life will be purposeless and progress will halt if people do not profess loyalty to some cause or individual, he added.

The speaker then recalled great men of history who refused to

subscribe to the general belief of the masses and cited their lives as examples of loyalty to convictions. He refuted theories that people are nothing more than animals, recalling the teaching of Jesus in which he told the people, "Ye are children of God." Rev. Mr. Haden deplored the fact that people today are livable like animals. The strong is attacking the weak while others stand by unconcerned, he added. "If the world continues at its present pace and the same direction it will come to an end," he said. By this, he explained, our present civilization will pass like all other civilizations.

Rev. Mr. Haden concluded by urging the outgoing seniors to seek to base their lives on permanent principles in order that they may have a meaning and a purpose.

Commencement exercises will be held next Friday night at 8 o'clock at Tiger Field. Program at that time will be presented by members of the graduating class.

The Alumni Association will entertain the seniors tonight at the high school at 8 o'clock. An excellent program has been arranged.

## REPORTS INDICATE IRAQ GOVERNMENT IS BREAKING UP

ANKARA, Turkey, May 26.—(AP)—Reports suggesting that the two-month-old Iraq government of Premier Rashid Ali Al Gailani might be breaking up under the stress of three weeks of fighting against the British circulated today in Ankara.

Simultaneously a telegram to the Turkish Agricultural Bank said 10,000 Arabs had rioted and looted in Basra Saturday, endangering \$2,000,000 worth of American farm machinery purchased for Turkish cooperatives and awaiting delivery of Basra docks.

(There was no immediate indication as to whether the riots were against the Iraq government or against the British, who claim to have taken the city early in the undeclared war. London said it had no word of the rioting that the situation was confused.)

The wife, son and daughter of the Iraqi premier who has been leading the fight against the British and the family of Iraq defense minister, Maj. J. Sheik, arrived in Ankara and there were reports that Rashid Ali and his defense minister had applied for and been granted visas to enter Turkey and were expected soon, perhaps today.

## BUYING INSPIRATION LACKING MONDAY FOR STOCK MARKET ISSUES

NEW YORK, May 26.—(AP)—Buying inspiration generally was lacking in today's stock market and while there was little selling pressure at any time, leaders finished a drifting session down fractions to a point or so.

Transfers for the full proceedings were under 300,000 shares.

Among stocks, the market was under the year or longer were Consolidated Edison, Commonwealth Edison, Woolworth, Chemical, Eastman Kodak and Continental Can.

Speculative indifference was exemplified by the fact that Bethlehem Steel did not open until near the final hour. It came out with a loss of a point.

Largely included U. S. Steel, Chrysler, General Motors, Western Union, U. S. Rubber, Montgomery Ward, Douglas Aircraft, Westinghouse, Du Pont, American Smelting and Standard Oil (NJ).

Bonds were mixed. Commodities rallied for a brief period when the Chief Executive signed the farm parity bill but again turned irregular. Wheat at Chicago was off 1-2 to 7-8 cent a bushel and up 5-8 to 1-7-8. Cotton, in late trades, was 15 to 35 cents a bale higher.

## INTERNATIONAL

(Continued From Page One.)

An RAF communiqué said "great destruction" was inflicted on large concentrations of Nazi troop-carriers, aircraft and armor at the Malindi airport and adjacent fields.

British Fleet Wrecked.

In Berlin, a Nazi spokesman asserted that the axis had virtually wiped out the British fleet in the eastern Mediterranean, and it was declared that "important reverses no longer can be expected by Germany."

The German high command declared that Nazi warplanes and Italian naval and air forces sank a total of eleven cruisers, eight destroyers, a submarine and five other ships in the Mediterranean since the conflict began last Tuesday.

Despite these reported setbacks, Maj.-Gen. T. B. Heywood, chief of the British Military Mission to the Germans, predicted calmly:

"I think it will be possible to hold Crete."

In London a British spokesman said fighting on the island Sunday was "quiet," but he cautioned against thinking that "the German high command is over-estimating the situation."

Troops Landed From Ships.

Dispatches from Rome said German troops had been landed on the island from ships protected by the Italian navy, conveyed through waters the British fleet had guarded.

The British acknowledged that a few sea-borne reinforcements might have landed, but said they were insignificant. It was recalled that last week a squadron of British cruisers and destroyers was reported to have intercepted an Italian-german convoy north of Crete, drowning 5,000 Germans, sinking at least 40 troop-laden boats.

The British, reporting the arrival of air-borne German tanks, said that Nazi aerial invaders were still holding the important Malindi airport, 10 miles from Cania, the Crete capital, and that heavy fighting raged in the British-held sectors of Retimo and Candia, in Central Crete.

Authoritative British quarters declared German claims of a solid hold on the Western end of the island.

RAF Warplanes Enter Fray.

Long-range RAF warplanes, flying from North African desert air bases, were reported to have entered the fight against Nazi aerial troop-carriers after RAF fighters had been withdrawn last week when Crete's few airfields were declared untenable against Nazi bombing assaults.

Premier Churchill's high command said fascist planes were also engaged in the attack on Crete, repeatedly bombing and machine-gunning strongholds on the island.

By Berlin-capping a weekend which saw Britain's mighty 42nd airborne battle cruiser Hood blown to bits in a clash with German warships off Greenland, plus the dramatic flight of King George II of Greece from Crete to Egypt, Germany's Grand Admiral Erich Raeder warned that United States convoys to Britain would be an "open act of war and a bare, unprovoked attack."

Heider described even the American patrol system as "aggressive" and declared that convoys of contraband protected by United States warships would be met by German naval guns if necessary.

A German spokesman said Raeder's statement voiced just 48 hours before President Roosevelt's scheduled broadcast tomorrow night, removed "all possibility of misunderstanding over the significance of convoys and what Germany holds to be an act of war."

Weyand For Aiding Germany.

VICHY, Unoccupied France, May 26.—(AP)—General Maxime Weyand, former generalissimo of allied forces in France and now commander of French forces in North Africa, has given his approval to the Petain government's plan of collaboration with Germany.

Frenchmen concerned for the future of continental France as well as the empire should subscribe unanimously to the principles of the policy of collaboration, he declared on the radio, he told leading members of the Senate and the Chamber of Deputies.

Surviving are his wife, of Purdon; three sons, Jesse Patrick, Purdon, George Patrick, Lavasco, and Albert Patrick, Monmouth, N. ## Johnston Gets News.

AUSTIN, May 26.—(AP)—President Roosevelt today telegraphed National Representative Lyndon B. Johnson of Austin, candidate for the U. S. Senate, that he was approving the Bankhead parity farm loan bill.

The telegram replied to one from Johnson asking the President to sign the measure.

"I do so, of course, with the distinct understanding that parity payment appropriations will be limited in such a way that the sum of these payments plus the loan plus the sum of the other payments will not, in fact, exceed parity."

"Parity returns to the farmer have been our goal for eight years, and this measure now greatly helps our farmers."

"I hope that this finds you well and entirely recovered."

Johnson recently returned to his campaign after an illness.

per month each, suffered a knock-out at the hands of the law.

No longer will one Lubbock drug store, for example, fill 2312 liquor prescriptions written by one doctor in a month while filling only 13 written by three other doctors.

It seemed likely, said Paxton, that the price of prescriptions would go up as it did during national prohibition when that was the only means of getting a bottle of bonded liquor.

Drinked, under the law, could legally go to the nearest wet county, but their liquor and bring it home for their own use—but not for sale.

The law was expected to reduce drinking by soldiers by making liquor more accessible, Paxton asserted.

## Spring Flower Show

Kerens Garden Club

Successful Affair

KERENS, May 26.—(AP)—The annual spring flower show sponsored by the Kerens Garden club, Thursday May 22nd, proved one of the most successful from standpoint of public interest, and the display of artistic arrangements, specimen plants and other interesting exhibits, that the club has yet held.

In addition to the huge display, counters which occupied one end of the large down-town building, a Mexican booth held the spot of interest as a background, with colorful gourd, growing plants and vines centered by a huge South American hat, recently brought to the U. S. from Sumatra.

At the booth, some made ice cream and home baked cakes were sold by young daughters of club members, dressed in typical Mexican costume.

The entire south side of the building was given over to various table arrangements, and the following were the winners of star awards: Blue star, first place, a picnic table, arranged by Mrs. Jere Daniel; gold star, second, modern tea table, by Mrs. J. S. Norton; red star, third, luncheon table, arranged by Mrs. J. S. Norton; green star, fourth, Mrs. H. Hoffer; green star, of honorable mention, a Gay 90's tea table, by Mrs. Andrew McClung.

Among the many large exhibits was a miniature landscape garden, planned around balled shrubs, pot plants, bird baths, roses and colorful petunias, which was the offering of the McClung nursery, fruit farm and flower shop of Corsicana.

An exhibition of water color flower prints, attractively framed with heavy mats, roses and other flowers, and was the offering of a freshman art student at Trinity University.

A school exhibit featured wild flowers, butterflies, nature scrap books and other interesting specimens from the biology department of Kerens High school.

An interesting innovation was a table of exhibits prepared by men. Of these the "In the Doghouse" portrayal of L. H. Holt took a blue star and first place.

Or awards of plant and flower or awards of plant and flower went to Mrs. L. H. Holt, with an entry in each section, save the table, school and wildflower divisions, which were accepted.

Disinterested judges who tirelessly served the contest were Mrs. H. A. Pate, and Mrs. E. M. McKinnon of Hubbard.

Among the many attendants noted at various times during the afternoon from out of town were: Miss Doris McClung, Corsicana; Mrs. M. M. McKinnon, B. A. Wilson, Powell; Mrs. Edgar B. Johnson, Powell; Mrs. M. J. Kuykendall, Blooming Grove; Mrs. Bailey Ratliff and son, Llano; Miss Evelyn Jones, Waxahatchie; Miss Adelaide Young, Richmond; Mrs. George Evans and daughter, Sue, Lubbock.

## Weds Don Foster In Oak Cliff Ceremony

KERENS, May 26.—(AP)—Of interest to the many friends of the S. J. Jennings family is the announcement of the marriage of Miss Kathleen Jennings, daughter of Mr. and Mrs. Fred Jennings and granddaughter of Mrs. S. J. Jennings, to Don Foster of Pecan Gap. The marriage took place at the Presbyterian manse in Oak Cliff, with the Rev. Dr. Mantion officiating at a ring ceremony on the last Saturday afternoon.

Mrs. Foster, who taught school the past year at Detroit, is a former student of E. T. S. T. C. Mr. Foster will be among the June graduates of the same college and will marry the first young couple to make their home in Commerce.

Miss Marguerite Sato of E. T. S. T. C. and Jerry Dismuke of Dallas, were attendants at the wedding ceremony.

## Nutrition Conference.

WASHINGTON, May 26.—(AP)—President Roosevelt called on the national defense nutrition conference today for action to alleviate the "wide-spread and serious" undernourishment of "many millions of Americans."

A message from the president was read by Federal Security Administrator Paul V. McNutt at the opening of the three-day session called by Mr. Roosevelt.

The conference was expected to draft national nutrition standards and a plan for obtaining cooperation of the food and distribution industries to make them effective.

"Total defense means total power," the presidential message said. "The full energy of every American is necessary."

## July First Set As Registration Date Selective Service

WASHINGTON, May 26.—(AP)—President Roosevelt today ordered a second registration under the selective service act on July 1.

He said a proclamation another registration was "required in the interest of national defense."

New Registrants will include those who, born or before July 1, have attained their 21st birthday and had not registered previously.

The registration is to take place in the United States proper and in Hawaii, Puerto Rico and Alaska.

Every male citizen and every male alien residing in these areas, except those specifically exempted by the selective service act, must comply with the registration order if he has reached his 21st birthday since the initial registration.

## RETAIL PRICES OF GASOLINE RAISED BY LOCAL STATIONS

Retail price of gasoline advanced in most instances at major oil company filling stations last week following an advance of a half cent on regular and ethyl-type grades on tank wagons. The advance was led by the Gulf Oil Corporation.

At most stations the third grade fuel is selling at 13 cents with the regular at 18 and the higher grade at 20, although there are some variations in the price bracket, it was noted Monday afternoon.

The advance was noted, also included the third grade fuel, but later in the week, the advance of a half cent was eliminated.

## Kathleen Jennings Weds Don Foster In Oak Cliff Ceremony

KERENS, May 26.—(AP)—Of interest to the many friends of the S. J. Jennings family is the announcement of the marriage of Miss Kathleen Jennings, daughter of Mr. and Mrs. Fred Jennings and granddaughter of Mrs. S. J. Jennings, to Don Foster of Pecan Gap. The marriage took place at the Presbyterian manse in Oak Cliff, with the Rev. Dr. Mantion officiating at a ring ceremony on the last Saturday afternoon.

Mrs. Foster, who taught school the past year at Detroit, is a former student of E. T. S. T. C. Mr. Foster will be among the June graduates of the same college and will marry the first young couple to make their home in Commerce.

Miss Marguerite Sato of E. T. S. T. C. and Jerry Dismuke of Dallas, were attendants at the wedding ceremony.

## AAA Headquarters In Court House Basement Has Been Enlarged

The AAA headquarters located in the northeast corner of the courthouse basement, was expanded Monday to give more room for the workers.

Counters at which the transactions with the farmers were made inside the main office, have been moved outside the former quarters, giving the additional room for workers and records.

## Nutrition Conference.

WASHINGTON, May 26.—(AP)—President Roosevelt called on the national defense nutrition conference today for action to alleviate the "wide-spread and serious" undernourishment of "many millions of Americans."

A message from the president was read by Federal Security Administrator Paul V. McNutt at the opening of the three-day session called by Mr. Roosevelt.

The conference was expected to draft national nutrition standards and a plan for obtaining cooperation of the food and distribution industries to make them effective.

"Total defense means total power," the presidential message said. "The full energy of every American is necessary."

## News of County Home Demonstration Clubs

Brushie Prairie Club. "Protective pieces for the bed are one set for each coil of springs; a spring cover, mattress cover, pillow pads, or rubber sheet; pillow protector; and a quilt, comfort, or blanket protector made of unbleached domestic Miss Rittiger's demonstration agent, told the Brushie Prairie Club at ...

E. Turner's May 23. All covers should be slightly larger than the object it covers, she added.

Miss Rittiger also stated that cotton sacking, old mattress ticks, or feed sacks might be substituted for unbleached domestic to make the spring cover. Buttons, snaps, or tapes or ties may be used to fasten mattress and pillow covers, she continued.

After the discussion of protection pieces she gave a very short but interesting discussion on the making of tufted bedspreads. A color combination makes a beautiful bedspread, she continued.

Mrs. Andrea Smith discussed the points to notice in fitting dresses and blouses and the selecting of paper patterns in the timely topic period.

The club decided to give Mrs. Wayne French a hankie for her contribution of her excellent work done for the club as reported.

The hostess served cake and iced grapefruit to five members, two visitors, Mrs. W. H. Carell, Mrs. Alice Reiley, and the agent.

The next meeting will be with Mrs. Ellen Hagle June 13.—Reporter.

## CAMP HULEN

(Continued From Page One.) diers were selecting with no previous basic training.

All Put Through Process. All the doughboys, however, are put through the camp's training process.

For the first month, they are run through basic military instruction—infantry drill, first aid, rifle firing, personal hygiene, etc.

Then they move into the secondary period, usually lasting from four to eight weeks, in which each soldier is training to fit him for his specialty.

After that, he is sent out on field practice and maneuvers designed to qualify him as a first-class fighting man.

Each battalion gets in a month's firing at a time. Its targets are towed by planes from the Michigan National Guard, stationed at Camp Hulen, La., but based at Houston during their work with the anti-aircraft.

Cavalry Brigade Moves. LAREDO, Texas, May 26.—(P)—The 56th Cavalry Brigade, under command of Brigadier General Walter B. Pyron, with headquarters, headquarters and weapons troops comprising about 1,500 officers and men in command, Colonel Calvin B. Garwood and stationed at Fort Ringgold and Brown, move to Fort Bliss today.

General Pyron and staff, with headquarters and weapons, left Fort McIntosh at 6 p. m. The 124th Regiment were scheduled to leave Rio Grande Valley posts (Fort Ringgold and Brown) this morning and arrive in Laredo this evening.

The brigade will join the first cavalry division in two months of maneuvers, then go to Louisiana for another two months of maneuvers, after which they expect to return to their station.

Only a complement of thirty army officers will remain at Fort McIntosh during the absence of the national guard units.

Cargo Vessels Contracts. WASHINGTON, May 26.—(P)—The Maritime Commission announced today the award of contracts for construction of 123 cargo vessels, eight shipways and other facilities in its long-range building program.

Eighty-five of the vessels were contracted for under the commission's long-range program and 38 under the lease-lend act, but all are of types decided upon for the long-range planning. Previously the commission had awarded contracts for the long-range program at the rate of 50 vessels a year.

The ships, all of standard design will cost approximately \$312,000,000. The ways and other facilities will cost about \$600,000.

The awards included: Pennsylvania Shipyards, Inc., Beaumont, Texas, 10 C-1's.

The vessels range from about 5,025 gross tons for the C-1 type to 7,768 gross tons for the C-3 type. The C-1 can make 14 knots under average conditions, the C-2 15 1/2 knots and the C-3 16 1/2 knots. Some are Diesel and some are steam propelled.

## OVER THREE HUNDRED JOBS WERE FILLED BY EMPLOYMENT OFFICE

The Texas state employment office in Corsicana filled the total of 301 jobs last month, eighty-two of them being permanent jobs, B. T. O'Connell, local manager, reports. All of these jobs were in private non-farm industry and were located in Corsicana.

The people placed in these jobs were selected on a basis of their qualifications only, and included carpenters, sales clerks, stenographers, laborers and machinists.

There were sixty-three personal visits made during April by staff members of the employment service to local employers and farmers in an effort to round up jobs for Navarro County people and to verify the fact that applicants referred to jobs actually went to work on them.

The Corsicana employment office also registered 313 new applicants last month, most of them in the interest of national defense, and filed a total of 309 claims for unemployment compensation.

## REV. SAM HILBURN GOES TO NASHVILLE YOUNG PEOPLES WORK

Rev. Sam Hilburn, returned Methodist missionary from Japan, has been assigned to the General Board of Education headquarters, Nashville, Tennessee, in the Young Peoples Division. Rev. Mr. Hilburn, who spent many years as a missionary to Japan, most of the time under the auspices of the First Methodist Church of this city, has already reported to his new work.

Mrs. Hilburn and children will leave for their new home the latter part of this week when Rev. Mr. Hilburn will motor from Nashville to get his family.

Mrs. Hilburn and children, who came direct to Corsicana when ordered out of Japan by the United States Government, and later were joined by Mr. Hilburn, will be greatly missed by a large number of friends in Corsicana who wish for Mr. and Mrs. Hilburn a happy and useful life in their new field of church endeavor.

## FIRESIDE CHAT

(Continued From Page One.) night. Early too was commenting on Raeder's statement.

Hull told his press conference that Raeder's statement appeared to be some sort of threat to induce this country and probably other American nations to refrain from real efforts at self defense until Adolf Hitler gets control of the high seas of the world and other continents.

It is a favorite system which Hitler has used in the case of many countries in Europe, Hull said, either by threats or persuasion to induce other countries to refrain from any real defense until Hitler was ready to seize them.

Program of World Conquest. The secretary said Raeder's statement seemed to be an integral part of a program of world conquest by force, he said.

Early told reporters: "I've got an idea Berlin today is trying to do anything it can to belaud the president's speech and precipitate something for you gentlemen between now and Tuesday night."

He added that he would not be surprised if reporters were querying him about other dispatches from Berlin before the presidential address.

The speech had begun to take on new significance from world developments, such as the Raeder declaration and Japan's seizure in French Indo-China of \$10,000,000 worth of American products belonging to American firms.

Replaces Canceled Talk. The address replaces one Mr. Roosevelt was to have made two weeks ago and Early had told reporters not to build it up as of extreme importance.

But when asked today whether he thought a similar warning was warranted, he said:

"Up to yesterday I would have repeated the warning. Today I tell you the president will be engaged through the day, into the night and most of tomorrow in revising his speech in the light of rapidly changing conditions abroad."

"Don't ask me to go into details because I can't. You'll get them when you get the speech."

Even before these week-end developments, members of congress were looking for Mr. Roosevelt for an up-to-the-minute statement of United States foreign policy.

There has been uncertainty as to administration's future plans, particularly since the recent pronouncements of cabinet members, urging repeal of the neutrality act and "guaranteed" delivery on lease-lend shipments.

There was considerable speculation as to whether the chief executive would back up the demands by members of his official family for "affirmative steps" to aid Great Britain's fight against the axis. Mr. Roosevelt will address the nation by radio tomorrow night at 8:30 p. m. C. S. T.

Even the best-informed administration followers in Congress made it clear that they had no inkling of what the president would say, but all agreed that

the address should help to clear the air regarding this country's position in fast-moving world affairs.

## AUNT OF CORSICANA MINISTER BURIED IN DALLAS ON SUNDAY

The following taken from the Dallas News will be read with sad interest here, Mrs. Sory being an aunt of the Rev. R. Otis Sory, superintendent of the Corsicana Methodist district, who, with Mrs. Sory, attended the rites on Sunday.

"Funeral services for Mrs. Ida May Sory, 76, of the Clifton Hotel, who died Friday in a local hospital were held at the Lamar and Smith Chapel at 3:30 p. m. Sunday. Burial was in Lisbon cemetery."

She had lived here thirty years. Her husband, Sam Houston Sory, an early merchant and farmer died nearly ten years ago. Mrs. Sory was born in Madisonville, moved as a child with her parents to Nacogdoches and later accompanied her father, the late Dr. H. W. Sory, to Mount Enterprise, Texas, county where she was married in 1880.

Her family of five children was born and reared in Mount Enterprise. She was an ardent lay member of the Presbyterian church and her home was known throughout Rusk County for its hospitality to the traveling Presbyterian ministers.

She moved to Jacksonville in 1888 and to Dallas a few years later. She was a member of the Trinity Presbyterian Church.

Survivors are two daughters, Miss Lois Sory of Dallas, and Mrs. Louise Leachman of Marshall; two sons, William H. Sory of Sherman, and Arthur Sory of Tulsa, Okla.; a sister, Mrs. Elizabeth Lawler of Fort Worth; a brother, H. W. Long of Fort Worth, and four grandchildren.

Palbearers were A. J. Phillips, J. H. Chiles John E. Pean, R. D. Suddarth, U. S. Fox and W. M. Hendrix.

## UNAMERICAN

(Continued From Page One.) States got into a war, it would be with Japan, "and therefore a large part of the German efforts has been concentrated on the West Coast."

Krebs testified that he had gone to Germany from Moscow in 1938, later broke with the Communist Internationale and became a Gestapo agent. He learned, he said, that the real aim of Germany was "world domination."

The Gestapo foreign division in Hamburg, Krebs said, "does espionage and police work in favor of the German government" outside Germany. Describing the Hamburg office, he said:

"One of the larger rooms was used for card files containing the names of citizens (of other nations) classified as enemies, friends and an independent class."

Such lists, he said, provided a "constant barometer of the strength, morale and weakness" of other nations and listed the "elements which could be brought into harness for the German movement."

Krebs said he was born in Germany in 1905 and first came to the United States in 1921. He added that he had been "in and out" of the United States four times, last entering March, 1938.

The witness translated for the committee two cablegrams from Germany to transoceanic news headquarters in the United States as requests for information about Joseph Curran, president of the CIO National Maritime Union. He said transoceanic news was formed to supply the people of North and South America with "propaganda" not readily recognized as such, and was a "front" for the Gestapo.
